I. Introduction

The Genesis Parents Module is a safe, secure way to view your child’s school record for the current school year. If your school district chooses, you may have access to the following information:

- Your children’s Marking Period, Exam and Final Grades
- Your child or children’s Report Cards
- Your child or children’s daily attendance record
- Teacher Gradebook assignments and assignment grades for your child or children.
- Your child or children’s discipline records

The rest of this manual will guide you through all of the screens which may be available to you and how to use them. Please be aware that you may not see every screen for every one of your students (if you have more than one student in the school district). The school district chooses which screens can be made available. Screens may not be displayed if they do not apply to your student.
II. Logging In

Logging into Genesis is very simple:

1. Go to the Parent Access URL supplied with your district welcome packet.
2. Enter your Email Address in the ‘Username’ field.
4. Click the ‘Login’ button.

Logging In for the First Time

The very first time you login you will be required to change your password.

What if I forget my password?

If you forget your password, you must contact your school or district office. You should receive information on where to call with your district packet. You will be given a new randomly generated password. The new password maybe mailed to your email account. The first time you login with your new password, you will be required to change it.
III. Student Summary Dashboard Screen

A. Your “HOME” Screen - The Student Dashboard

Genesis Parent Access “Home” – Student Dashboard Screen
When you login to Genesis Parent Access the first screen you see is Parent Access “Home”. This is the Student Dashboard screen. You will see a ‘dashboard’ for every student linked to your login.

Each student’s ‘dashboard’ contains the following information:

- Basic information about the student: student id, homeroom, grade, age. If you are viewing the screen during the school day, you will also see information about the class your student is in ‘right now’: current class, current teacher and current room.
- Your student’s schedule. The class the student is in ‘right now’ is highlighted in green.
- The student’s attendance summary for the current week – this shows you a color coded attendance code for each of the week.
- Assignment summary for the current week – how many are due each day
More Information About Each Student

The ‘Parent Access Home’ screen has a dashboard for each of your students. The other tabs give you more information about one student at a time.

The Selected Student

Only one student can be ‘selected’ at one time. When you ‘select’ a student that student’s information will appear when any of the additional tabs are clicked. For instance, if you click the ‘Attendance’ tab, you will see the selected student’s daily Attendance calendar for the entire school year.
B. **Selecting a Student**

**Changing the Selected Student**

The name of the ‘currently selected student’ is displayed in the ‘Select Student’ drop down at the top of the screen. To pick a different student, click the Select Student drop down and choose the name of the student you want to select. Once you have done that, the tabs will take you to the newly selected student’s information.

**The “Select Student” Drop Down**

This drop down contains the names of all the students that you have access to. If you are missing a student, please contact your school or district office. Your district may require you to submit a separate permission slip for each student.
IV. Attendance

A. Daily Attendance

Daily Attendance is your child’s official daily attendance.

This is your student’s Daily Attendance summary for the whole school year.
- The Attendance Calendar with each day color coded
- A summary of the student’s Attendance for the year
- The ‘Legend’ of Attendance codes for your school district.

Attendance Color Codes
Your district selects its own set of Attendance codes and selects the color for each one. When you look at this screen you will see the Attendance codes for your school district. Common Attendance codes include:
- Unexcused absence
- Excused absence
- Unexcused tardy
- Excused tardy
- Left early
- Field trip
B. Class Attendance

If your child is in Middle School or High School and has separate courses, Class Attendance will show you their attendance for each separate subject. You must click the Class Attendance tab under to find class attendance.

The Class Attendance screen shows you your student’s Class Attendance summary for each of their separate subjects. One month is displayed at a time and the screen always starts by showing you the current month’s attendance. You may select any month you wish.

- Class attendance is listed by each school day in the month and shows which classes the student may have missed on each day. Each day for each subject is color coded.
- The ‘Legend’ of color-coded Attendance codes for your school is shown at upper right.
- “Today” is always highlighted in yellow (e.g. above 11/21/2008).
- Along the right side of the screen there is a separate summary for each subject for the entire school year, divided by Marking Periods.

Each subject summary contains the following attendance totals for the class:
- All - All absences for the subject,
- U – the Unexcused absences
- E – the Excused absences
V. Grading

The Grading screen gives you access to your student’s Marking Period grades and teacher comments and possibly the student’s most recent actual report card.

The Grading Screen
This screen summarizes your student’s Report Card grades for the current year.

The current Marking Period is highlighted in green.

Each box shows the grade and comment codes that your student has received in the corresponding class for the selected Marking Period. If you place your cursor on a comment code (e.g. 03), the corresponding comment will be highlighted (e.g. 03 Comletes Assignments Promptly). In addition, the text of the comment will appear in a tooltip (e.g. Comletes Assignments Promptly).

In addition, as outlined below, you can access and view your student’s most recent report card.
Viewing your Child’s Most Recent Report Card

If you are able to view your child’s actual report card, a “Please click here to view” message will appear between your child’s name and their list of grades:

If this message appears, click it to view the actual report card displayed in Adobe Reader (Adobe Reader must be installed on your computer). A sample report card is shown below.

Procedure to Print a Copy of the Report Card

1. Click on the ‘Setup’ tab.
2. If the “Please click here to view” message appears, click it. If it does not appear, you will not be able to view your child’s actual report card at this time.
3. When the report card appears, locate the Adobe printer icon at the upper left of the Adobe Reader’s border. Click it to access a regular Print dialog and print the report card.
**Procedure to Save a Copy of the Report Card**

1. Click on the ‘Setup’ tab.
2. If the “Please click here to view” message appears, click it. If it does not appear, you will not be able to view your child’s actual report card at this time.
3. When the report card appears, locate the Save icon at the upper left of the Adobe Reader’s border. Click it to access a regular File dialog and print the report card.

**Procedure to Return to the Genesis Parents Module**

1. When you are done viewing the report card, click the browser “Back” button.
VI. Discipline

**Discipline Record**
The screen lists any discipline issues regarding your child that have occurred in the current school year. Each incident record includes the following information:

- The date and time period in which the incident occurred.
- A brief description of the incident.
- A list of all actions that have taken place or will take place as a result of your child’s involvement in the incident.
- Dates on which the actions were or are scheduled to take place.

your child is doing better
F. Downloading Attached Documents

If icons (e.g. 📝 📄) appear in the “Docs” column on the right side of an Assignment line, it means that the teacher has uploaded documents to the assignment and you may download these. There will be one icon for each document the teacher has attached (📊 means there are two documents attached, one attached to each icon).

To see the description of an attached document, place your cursor on the icon:

View pages: (cursor on PDF icon) View Study Guide (cursor on camera icon)

To download the document, click on its icon. The attachment will be displayed in the central part of the screen:

Frequently Asked Questions (FAQ)

1. Where do I get my login?

Your Genesis Parent Access login will usually be your email address. You will give the email address you want to use as your login to your school or district. The school or district will tell you when your login has been entered into the Genesis system.

If your email address is not going to be your login, your school or district will assign you a login.

2. What if I forget my password?

To replace a lost password you must call your school or district. Information as to who to call should be provided to you in your Parent Access Welcome Packet.

You cannot be given your existing password: for safety reasons, Genesis never displays a user’s password, even to the system administrators. If you lose or forget your password, you will be given a new, randomly generated password. You will then be required to change the new password the next time you login to Genesis Parent Access.

3. What is the URL for Parent Access?

You will be given the URL for Parent Access in your Parent Access Welcome Packet. If you do not have the Welcome Packet, you must contact your school or district to find out the correct URL.

4. How do I log out of Parent Access?

There is a small “Log Off” button at the upper right of every Parent Access screen. Click the “Log Off” button.

5. How can I update my student’s Attendance information?

You cannot update any information. If you believe any information is wrong, you must contact your child’s guidance counselor.

6. Is it ok for me to just close the browser rather than log off? Do I really need to log off?

Closing your browser is not the same as logging off. You must log off of Parent Access to eliminate the possibility of someone else accidentally getting access to your student’s information.

For example, if you are accessing Parent Access from a public place, such as a library or other public internet access point, if you just close your browser and walk away, without logging out, there is a chance that someone else will be able to immediately reattach to your Parent Access session and view your child’s information. Logging off properly terminates the Parent Access session.

*Always log off of Parent Access – Never just close your browser*
7. **What if I do not have access to all my students?**

If you need access to a student that is not yet linked to your Parent Access login you must call your school or district office. Each district will have its own procedures and regulations regarding linking a student to your Parent Access login.

It may be possible that Parent Access is in a ‘roll out’ phase and is only offered in some of the schools in your district and not in others. Refer to your Parent Access Welcome Packet for information on who or where to call.

8. **What if I don’t have access to my child’s Report Card?**

Usually a school only displays the most recent report card that was sent home. If the actual report card is not available online, it may be that none has yet been sent home or that the previous Marking Period’s report card has been “turned off” so that the new Marking Period’s report card can be prepared.
